- Anthony Lionetta
- Ruth Lewis
- Barbara Thornton

\*Denotes those not in attendance.

### **1. Fire Station Study**

A draft letter to the Board of Selectmen was reviewed by the members. After considerable discussion of the role of the Capital Planning Committee and the policy decisions which needed to be made, it was decided to moderate the letter and redraft it. The committee members were of the general consensus that the Board of Selectmen needed to review the fire services provided in the town in light of the consultant's report and that it was a policy decision of the Board of Selectmen.

Rich Maimone, Fire Chief has requested a meeting with the committee on May 2, 2002 to discuss the need for the Park Circle Station.
